OUR VALUES

We're looking for students who are excited to champion our Union values:

- **Putting Students First:** Ensuring that students are the focus of our work and the first consideration in everything we do.
- **Welcoming:** Creating an open and honest environment that students can trust.
- **Enabling:** Giving our students and staff the ability and confidence to undertake things for themselves.
- **Actively Inclusive:** Finding ways to listen to, connect and welcome our diverse community.
- **Innovative:** Making things happen and seeking out new ways to challenge ourselves and find new approaches and solutions.
- **Responsible:** Recognising our responsibilities to our members, our staff and the wider communities we are a part of.

THE ELECTION

This is no normal job! Instead of competing against your peers in an interview process, you'll run in an election to set yourself apart as the best candidate to Lead Staffs. You can nominate yourself online during the nomination period and - with the support of our Union staff - will run your own election campaign to convince other students that **you** are right for the role. **This is a race with no losers, as you will gain just by taking part!**

Should you be successfully elected, you will join three other Full Time Officers to **lead a charity that turns over more than £3 million**, working full-time on important causes and issues for students at Staffs.

TRAINING AND DEVELOPMENT

Being a Full Time Officer opens up a huge amount of development opportunities, including a **mentor** from the Union Senior Management and the National Union of Students, **networking** with academics at Staffs and across the Higher Education sector, plus work with **local and national businesses**.

You will gain experience in a range of skills, including negotiation, presenting, **decision-making**, **team working** and **leading**, **social media** and **communications**, **policy work** and more.
